

Team Giab

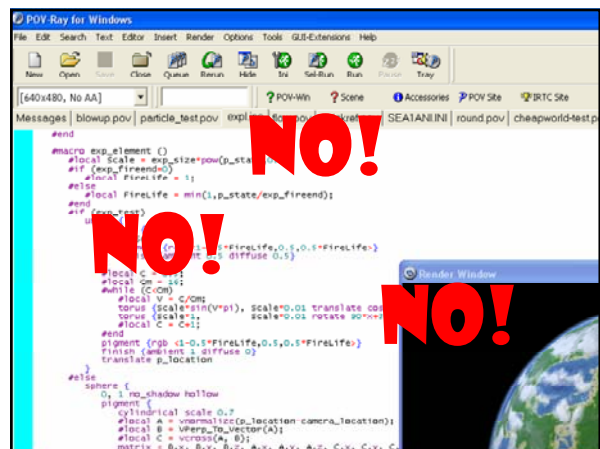

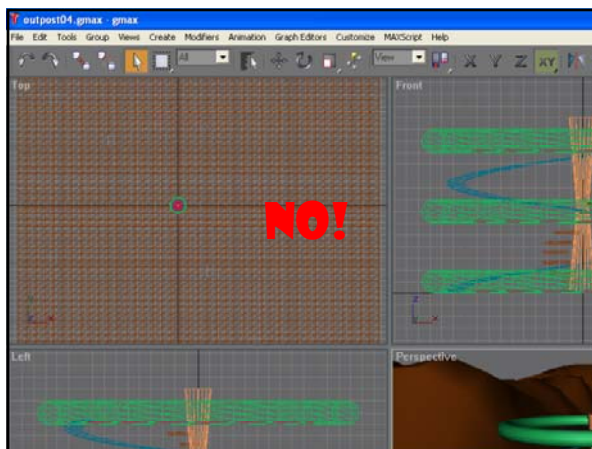

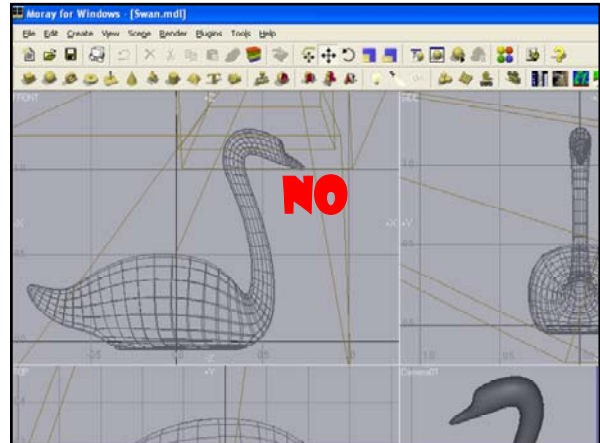

Team Giab's 3D sketcher

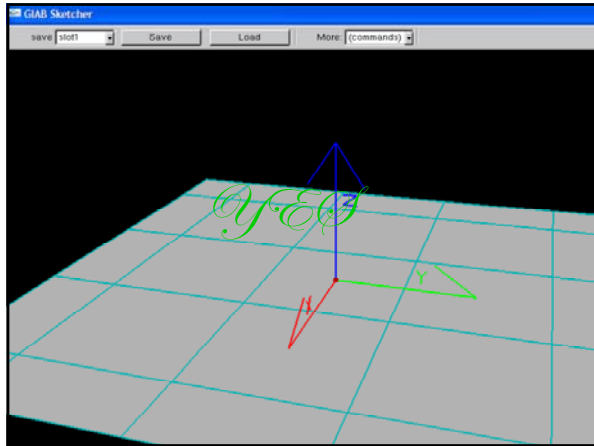

Overview

- Why
- What
- How

Why

- Most modeling programs are too complicated!
- We need something that is fast and easy to use
- It must work with the Tablet interface

What

- Simple drawing controls make sketching simple scenes quick and easy
- Simple interface makes sketching on a tablet possible
- Simple objects make real-time rendering on a tablet possible

How

- Sketch @ Work
- Complex Scene
- Camera Flight
