

Computer Graphics and Visualization Area Specific Ph.D. Requirements

The “computer graphics and visualization” Ph.D. students under the fall 2016 or later set of Ph.D. rules have to include in their Ph.D. plan of study:

- A computer graphics graduate level CS course, i.e. CS 535 or CS 635.
- The scientific visualization graduate level CS course, i.e. CS 530.
- The geometric computing graduate level CS course, i.e. CS 531.
