

APPLICATION FOR CURRICULAR PRACTICAL TRAINING BASED ON A CS 59000

Name of student (printed, last name first) _____

Name of employer _____

Location of employment _____

Period of employment _____

Proposed supervisor or some other agent of the employer with whom the faculty member may confer in supervising and evaluating the student's performance:

Name _____

Title _____

E-mail address _____

Telephone/Fax numbers (optional) _____

Student:

Please attach a description of the work to be done for the employer.

You must include the course on the plan of study for the next degree to be awarded. This is so that the CPT will be an integral part of the curriculum. A grade lower than C- will thus be an impediment to graduation.

The plan of study must satisfy all requirements for the degree both with and without consideration of courses used for CPT.

Faculty member:

Name (printed, last name first) _____

The content of the course must be based on the student's employment and be evaluated under the standards you normally use for CS 59000 individual study courses. The course is not simply a means of giving a grade for the work done for the employer.

Please attach a description of the course with a title reflective of the content.

The title **should not** include words like "internship". The course must be for one credit and taken for a regular grade (no P, no S).

Signature of student _____ **Date** _____

Signature of faculty member _____ **Date** _____

Approval by Department _____ **Date** _____
