

MS in CS (Non-Thesis Option, No Concentration) Plan of Study Worksheet

Ten 3-credit courses required:

	<i>Course Type</i>	<i>Area</i>	<i>Fall 2020</i>	<i>Spring 2021</i>	<i>Summer 2021</i>	<i>Fall 2021</i>	<i>Spring 2022</i>
1	Core (CS 502 or 565)	Systems I					
2	Core (CS 503 or 536)	Systems II					
3	Core (CS 580 or 588 ¹)	Algorithms					
4	CS course from table ²						
5	CS course from table ²						
6	CS course from table ²						
7	CS course from table ²						
8	Other course from approved list ³						
9	Other course from approved list ³						
10	Other course from approved list ³						
Core Course Availability (residential option) (2021 & 2022 courses are tentative)			502, 503, 536, 565, 580, 588¹	503, 536, 580		502, 503, 536, 565, 580 588¹	503, 536, 580

¹ CS 588 will be offered as CS 59000RA for Fall 2020

² Choose CS courses from at least two areas other than Systems I, Systems II and Algorithms

³ Choose 500 or 600-level courses from Area and Courses Table or [Approved Courses List](#); maximum of two individual study courses

- Select courses by consulting:
 - Area and Courses Table: <https://www.cs.purdue.edu/graduate/curriculum/masters.html>
 - CS Course Information: <https://www.cs.purdue.edu/academic-programs/courses/index.html>
 - Approved Courses List: https://www.cs.purdue.edu/graduate/curriculum/approved_courses.html
- Contact the instructor if you are not sure you have the prerequisites (or check their homepage for textbook and syllabus information)
- Register as GR in mypurdue <https://wl.mypurdue.purdue.edu/> with the course registration pin 999999 under the tab “Academic” and the “add/drop courses”
- Students may register for an Individual Study course (CS 59000, using [Form VT](#) available on Registrar web page) during any semester (including summer) to facilitate graduation in three semesters
- Drop/Add Deadlines Calendar: <http://www.purdue.edu/registrar/calendars/>
- **International students** are required by law to enroll in a full course of study for each Fall and Spring semester. Students are only required to register in the Summer semester if it is their first or last semester and then they must register full-time. This generally means that students must register as follows:
 - For Fall and Spring semesters
 - Graduate student with assistantship = minimum 6 credit hours/semester
 - Graduate student without assistantship = minimum 8 credit hours/semester
 - For Summer semester, if it is the first or last semester
 - Graduate student with assistantship = minimum 3 credit hours/semester
 - Graduate student without assistantship = minimum 6 credit hours/semester
